Dear JCI Leaders of 2008,

Contactability is paramount for the sustainability of relationships and friendships. We hope that this directory would help you to keep in touch with the chapters accordingly. The NOM is proud and thankful to SG Dakshana who has consistently delivered what he has promised.

Inter chapter relationships help build a synergy that helps chapters to rise above their normal activities to create value to their members and society. It is our hope that chapters would do so, as we need to focus our attention in consolidating our chapters. Strong chapters - create Strong NOMs. Strong NOMs - creates a strong JCI. It is you that can make this difference.

Help Make Dreams Come True!

NIROSHAN SILVA
National President

The Junior Chamber

C R E E D

We believe.....

That religion gives meaning and purpose
to human life

That the brotherhood of man transcends
the sovereignty of nations

That economic justice can best be won
by free men through free enterprise

That government should be of laws
rather than of men

That earth's great treasure lies in human
personality

And that service to humanity is the best
work of life

The Junior Chamber

O A T H

“ I do solemnly swear that I will faithfully
execute the office (Title) of Junior
Chamber International (Chapter), and
will, to the best of my ability, serve as a
living example of this organization's
philosophy and beliefs and will uphold
and enforce the constitution of the
chapter, the National Organization and
JCI at all times ”
